## What is a barn quilt?

A Barn Quilt is a painted quilt square mounted on the side of a barn or other structure. It can be a business, a home, an historic property, a shed, or any structure. It can be a traditional pattern or a one-of-a-kind design. It is meant to grab the attention of people driving by the property and help to share more about the past and present of Franklin County.

## What is a barn quilt trail?

It is a collection of painted quilts that help local residents and visitors to explore Franklin County in a different way. It also pays tribute to the importance of farms and farming in Franklin County—past and present, while hoping to secure the future of farm and farmland in Franklin County.
